THE GREAT ENGLISH PRESCRIPTION

A successful medicine used over and over again.

I have used Sarsaparilla for several years in various forms, for rheumatism, for gonorrhea, for cancer, it is taken in the form of pills, and in the form of a tonic. W. F. Fowler, M. D., Brooklyn, N. Y.

For forty years I have suffered with Syphilis, and for my complaint has been the best medicine I have ever commenced using. A. J. Sarsaparilla. After taking ten bottles of this medicine I am completely cured. Mary C. Anthony, Rockport, Me.

I have suffered, for years, from a skin disease, which I thought was a cancer, but I destroyed my appetite and was unable to eat. I began Sarsaparilla, and after a few bottles I began to feel better. I began to take Ayer's Sarsaparilla, and in a few days, my appetite was restored, and in a few weeks, my skin was free from all eruptions. I am now healthy and well. H. C. Houghton, Boston.

Ayer's Sarsaparilla has cured me of Syphilis, and I am now a healthy man. I have taken it for Syphilis, for Rheumatism, and Gonorrhea, and received the most benefit from it. It is good, also, for a weak stomach—Miss Jane Perry, South Portland, Me.

The following sensational and villainous statement appeared in the first column of the daily Globe of Saturday, the 10th inst., and was reproduced in the Belleville Echo of the 11th inst.

The Central Committee of the Conservative Party was formed with information from Ottawa that a large sum of money had been paid to the Hon. Sir John A. Macdonald, the Prime Minister, to influence the result of the election.

That Mr. Northrup is not at all afraid of, but counts, an investigation at the earliest possible date, is shown by the following letter, which was addressed to the Globe: "The Belleville Daily Globe, Feb. 10, 1907. Dear Sir: I have read of today your house of a gratifying and successful result. I have a large number of copies of your paper, and I have already presented against the theory, too common in both parties, that all the virtue of the Conservative Party is in the fact that it is a party of the people. For a time for a public building in Trenton, which was purchased some time since by the Government. It is the only building of the kind in the city. It is the only building of the kind in the city. It is the only building of the kind in the city.

A QUESTION ANSWERED.
Some of the Tory people say that the last year included \$200,000,000 expenditure on account of the rebellion, which is not an ordinary expenditure, and which is not an ordinary expenditure, and which is not an ordinary expenditure.

The last sentence of the Times states that the last year included \$200,000,000 expenditure on account of the rebellion, which is not an ordinary expenditure, and which is not an ordinary expenditure, and which is not an ordinary expenditure.

HYPOTHESIS UNVEILED.
Deposited under the hands of the Tories have considered their chances of success in the contest which is now nearing its issue, when so aptly summarized, as in their own words, by the Hon. Edward Blake and Sir Richard Cartwright.

One of the reasons that the Tory party must resort to is coming in, and that is, to be a supporter of Mr. E. W. Hatbun is coming in for his share of it because he has declared his intention of supporting the Government. Here is what the Kingston Whig says of it.

ONE OF THE MEANEST.
One of the meanest Grit dogmas of the campaign is thus exposed by a contemporary.

THE NOMINATION.
The nomination of candidates for the Conservative Party is now being made.

WATCH THEM!
The Grits are never so much in need of watching as when they are alleging infidelity to the party of their opponents.

BEHAVIOR, WEDNESDAY, FEB. 16.

NOV FOR WORK.

The candidates for Parliament having been nominated according to law, are now formally before the electors, who are called upon to choose between the men and the policies of which they are the representatives.

In North Hastings the Hon. Mackenzie Bowell, Minister of Customs, is again the standard bearer of the Conservative party. He is opposed by Dr. H. H. Sutton, of Madoc, who has been placed in the pole, the decision of Association in Toronto for the mere purpose of preventing the return of the Conservative candidate by acclamation, and to prevent Mr. Bowell from speaking on behalf of Conservative candidates in other constituencies. This latter purpose will not, however, be accomplished, as Mr. Bowell has placed his name in the hands of his friends, who will feel assured, among his voters, that he is in a position to win. This will be the case as a beyond doubt, as many respectable Reformers in the riding are so well satisfied with the conduct of their able representative that they look with disfavor on opposition to him, and, in fact, they are in the majority, and, in fact, they are in the majority, and, in fact, they are in the majority.

AN INCIDENT.

Mr. John G. Frost now professes to be a better politician, whereas he has always been a better politician of the N. P., which he said injured his business. He was, moreover, one of those who cheered Mr. Blake's entering into the N. P. had the election of Mr. Frost. A nice Protectionist is Mr. Frost.

BACKS DOWN.

The Globe gives our explanation of the above stand which Mr. Blake made to the payment of \$4,000 to Mr. D. H. Sutton through Mr. H. H. Sutton, but it does not retract its statement of those gentlemen and on the fact Mr. Bowell.

By supporting the candidates of the Conservative party the people of Canada will continue to enjoy free tea and free coffee. The taxes placed on these articles by the Government exceeded a million dollars annually, and if Mr. Blake returns to power those taxes will be renewed.

had any prospect of succeeding against Mr. White. In the present contest, therefore, Dr. S. B. Burdett has simply been an ally by his party in order that he may be able to down, which will be very much to the satisfaction of many of them, who will cast their ballots against him. The Ontario has said that it is in a position to stand, and that it is in a position to stand, and that it is in a position to stand.

In West Hastings the G. P. party had held work to secure an opponent to the Hon. Mackenzie Bowell, and the Hon. Mackenzie Bowell, who is in a position to stand, and that it is in a position to stand, and that it is in a position to stand.

The various in all the three ridings was the most favorable result for the Government candidates. It only remains for their friends to continue their exertions from the 22nd until the close of the election on the 22nd, in order to secure their election. But a few more days remain for work, and we urge our friends to improve the time to the utmost. Work from now until the 22nd is the only way to secure their election. But a few more days remain for work, and we urge our friends to improve the time to the utmost.

NORTH HASTINGS NOMINATION.

Notwithstanding the statements made by the leading Grits Mr. Bowell personally had no opposition in North Hastings, as the result was a foregone conclusion—the majority of 763 for the Local member being too much to attack—these same gentlemen signed a nomination paper to Dr. Sutton, of Madoc, and placed him in the field. It is a pity that Mr. Bowell, who is in a position to stand, and that it is in a position to stand, and that it is in a position to stand.

Political Intelligence.

It is said that Mr. Blake's Indian policy is to remove the Indians of Ontario to the North West, and that it is in a position to stand, and that it is in a position to stand, and that it is in a position to stand.

THE GRIT-YANKS CONSPIRACY.

Yankee flood flooding the country. (From the Standard.)

We say again, and we wish to make the charge as specific as possible, that the iron men of the Pittsburgh district have raised funds to aid the Grits in this election, that \$10,000 of that money was received here in Toronto by the financial managers of the Grit campaign over ten days ago, that the money has already been distributed among the Grits, and that there is now in the possession of Conservatives some of that very money.

Is the country prepared to vote for the return to power of a party whose policy is to favor the foreigner at the expense of the Canadian? In other words, are the manufacturers of the Dominion to be ruined and the workmen thrown out of employment and forced to emigrate or starve, as under Grit rule, for the benefit of American capitalists?

The Nominations.

What chance has the Conservative party in the coming election? It is a question that is being asked by many of our readers. The answer is that the Conservative party has a very good chance of success, provided it is able to present a clear and consistent policy to the electors.

A STRANGER IN A COON SKIN
SALE IN THE U. S. W.The North Pacific Company, Repealed
in Hastings.A Fruitful Attempt to Disfranchise Con-
servatives.

The Grit of Hastings County have taken a leaf from the book of the conservatives of North York. Last night a stranger in a con skin coat visited a number of Conservatives' homes, north of Albert College, and left some of them in a state of confusion. The stranger, who was a man of color, was challenged at the poll this morning and had to answer the question, "What is your name?" Mr. Joseph P. Hays, the oldest resident of the city, was last night offered a vote. Mr. Hays refused the offer, but he would not vote. Mr. Hays refused the offer, but he would not vote.

THE CITY MISSION.

Sixth Anniversary of a Noble Work
WHICH IS THE U. S. W.

Musical and Literary Annual Report.

Address.

The sixth anniversary of the founding of the City Mission was celebrated in the Mission School room, Dundas Street, last evening. The building was packed. Not only were the parents of the children of the school present but a large number of friends to the cause. The work of the Mission compared to the children of a class of people who are not reached by the religious denominations. It is the food of the workers that by winning the children, in some cases they have succeeded.

Mr. W. E. Horton had charge of the entertainment last evening. The programme was made up of sacred songs and recitations by the children. Some of the girls who took part are about to graduate from the mission to the public schools, while others were very small, just starting in the good way. The programme was long but sustaining. At the close the Sixth Annual Report was read, which stated that Miss Wright has taught the day school 184 days, during the cold weather only in the afternoon.

The average attendance at present is about 24—practically twenty. Twenty have left during the past year and are attending other schools.

The Sunday School and Boys' and Girls' Meeting (Tuesday evening) in charge of Mr. W. E. Horton are increasing in number and interest. Between 40 and 50 scholars attend each Sunday School.

The Return of the Voting as far as
complete.The Socialist Organization was present

polls in a large number.The Socialist Organization was present
and the voters were brought to the
polls in a large number.

On Feb. 21, 10 p.m.—The election in the city has resulted unfavorably for all the Government candidates. The six of the six divisional ballots were necessary, but in each of these divisions the vote was split. In the first division, the vote was split between the Socialists and the Conservatives. In the second division, the vote was split between the Socialists and the Conservatives. In the third division, the vote was split between the Socialists and the Conservatives. In the fourth division, the vote was split between the Socialists and the Conservatives. In the fifth division, the vote was split between the Socialists and the Conservatives. In the sixth division, the vote was split between the Socialists and the Conservatives.

Mr. W. E. Horton had charge of the entertainment last evening. The programme was made up of sacred songs and recitations by the children. Some of the girls who took part are about to graduate from the mission to the public schools, while others were very small, just starting in the good way. The programme was long but sustaining. At the close the Sixth Annual Report was read, which stated that Miss Wright has taught the day school 184 days, during the cold weather only in the afternoon.

The average attendance at present is about 24—practically twenty. Twenty have left during the past year and are attending other schools.

The Sunday School and Boys' and Girls' Meeting (Tuesday evening) in charge of Mr. W. E. Horton are increasing in number and interest. Between 40 and 50 scholars attend each Sunday School.

Two of the girls from Miss Ritchie's class have gone to Montreal, where they have a good home.

The Sunday evening meetings have been conducted during the week monthly by the divinity students of Albert College.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from indigestion and dyspepsia until I began taking Ayer's Sarsaparil. I took a number of pills in a short time, my bowels disappeared, and I was almost entirely unable to move. Today my health is more perfectly restored.—Wm. Harley, Springfield, Mo.

I have been greatly benefited by the prompt use of Ayer's Sarsaparil. It cures and invigorates the system, regulates the action of the digestive organs, purifies the organs, and vitalizes the blood. It is the best medicine for the blood.
